

Unit Owner Packet

for

Policy Term

07/01/2026 to 07/01/2027

Dear **Tamarron Association of Condominium Owners, Inc.** Unit Owner:

USI Insurance Services has the privilege of providing your Association's master insurance policy. Part of the service we provide is sharing the master policy information with owners so you may coordinate your individual insurance with the Association's coverage. This Unit Owner Packet is designed to assist you and your insurance agent to accomplish this, as well as provide instruction on how to order a Mortgagee Certificate of Insurance. **It is very important for you to properly coordinate your Business insurance policy with the Association's master policy to avoid gaps in coverage.**

Your Association's master policy is effective **07/01/2026 to 07/01/2027** and includes the following deductibles:

- **\$25,000** per occurrence deductible for losses other than wind and hail
- **2%** with a **\$25,000** (minimum per occurrence) of the replacement cost of **each damaged building/the association's Total Insurable Value** for losses due to wind or hail (the estimated deductible if all buildings are damaged in one wind or hail occurrence: **\$4,980** per unit – Note: This amount may vary if the Association's assessments are paid by square footage of each unit and not divided evenly by total number of units, if depreciation applies to any damaged property, or if a minimum deductible applies to the policy.)

As a commercial unit owner, you may be responsible for the Association's deductible when a loss occurs. Please be sure to share this Unit Owner Packet with your Individual insurance agent who handles your policy. This will ensure that your agent understands the Association's master policy when determining building and loss assessment coverage for your individual policy. If your insurance agent has any questions, they are welcome to contact one of our HOA team members.

We very much appreciate the opportunity to serve you and your Association.

FREQUENTLY ASKED QUESTIONS

1. What part of the building does the Association cover?

The Association's master policy insures the buildings for full replacement cost. The master policy only covers the interior building items of your unit as required by the Association's governing documents (declarations and covenants). For example, you may be responsible for building items like cabinets, countertops, flooring, paint, etc. **It is imperative for you to review the Association's governing documents, including amendments, to determine what building items you must cover in your own policy.** The master policy **does not** cover your personal property, loss of use or personal liability.

2. What kinds of losses are covered?

Your unit is covered by the Special Causes of Loss form. This form covers the same types of losses to your unit as the building coverage in a standard Business Owner's policy. Some examples are losses caused by fire, lightning, wind or tornado, hail, water damage from sudden rupture of a pipe inside the building, and vandalism. Types of losses that are not covered include, but are not limited to, earth movement, earthquake, flood or subsurface water, mold, wear and tear, and defective construction.

3. What kind of insurance do I need to carry?

You are responsible for securing insurance for your own business property, loss of rents, loss assessment, the Association master policy deductible (as assessed) and business liability.

4. How are claims handled?

Losses are settled through the Association subject to the Association's deductibles for losses (refer to page 1 for your association's applicable deductibles). Your Board of Directors, in compliance with the Association's governing documents and established policies, determines who is responsible for the deductible should a loss occur. **Claims should be reported through the Association's Community Manager or the Association's appointed contact person.**

5. What is a Wind or Hail Deductible?

The percentage Wind or Hail Deductible means that all wind and hail losses will be adjusted less a deductible that equals a percentage of the replacement cost of each damaged building or total insurable value of the property (refer to page 1 for your association's wind/hail deductible amount).

2% wind/hail calculation example: If an Association has three buildings damaged by hail, each with a replacement cost of \$250,000, the deductible per building will be \$5,000 (2% of \$250,000 = \$5,000). The total deductible for all buildings will be \$15,000 (3 buildings X \$5,000 = \$15,000). **Unit owners may be responsible for a portion of the 2% Wind or Hail Deductible should a loss occur.**

6. Why do we have a Wind or Hail Deductible?

The Wind or Hail Deductible is the result of many years of continuous adverse loss history in Colorado from wind and especially hail. As a result, many of the insurance carriers who historically were willing to provide coverage to Community Associations became unwilling to continue doing so. Many insurance carriers non-renewed existing Community Association policies and/or quit writing any new policies. The carriers that continue to provide coverage use the percent Wind and Hail Deductible to do so at affordable premiums. The alternatives would be extremely higher cost or excluding wind and hail damage completely.

7. Who pays the insurance premium?

Like other common expenses, the Association budgets for, and pays the premium from the dues paid to the Association by unit owners.

8. What is a certificate of insurance?

A certificate of insurance is a document that identifies those insurance coverages and limits that have been purchased by the Association. The information provided includes, but is not limited to, policy effective dates, policy numbers, insurance carriers, limits of insurance and deductibles. A certificate of insurance is routinely required when a loan exists on your property. Contact EOI Direct to request this information. (Please see attached Online Certificate Instructions.)
